

6.5.1 Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes:

The college takes academic audit of each department and various committees every year through IQAC to increase and maintain the quality of education. Academic Audit Committee is set up for this purpose. At the beginning of academic session, the committee collects academic plan including publication, extension activity, collaboration, innovative and best practices, assignment, ICT based activity, students competition, seminar and workshop supposed to organize for better performance. The Committee evaluated plan submitted by the departments and committees, twice in an academic session as per the academic plan and reviewed their academic progress. The report of the committee was submitted to the IQAC and the same is put in the College Development Committee for discussion, suggestion and approval. Due to implementation of such academic audit, it is found out that all departments and committees have been constantly improving their curricular, co-curricular and extra cocurricular performances.

Implementation of Green practices in the campus:

- The IQAC proposed to initiate various green practices to maintain eco-friendly college campus through the activities i.e. Tree Plantation, Paperless Work, Plastic Eradication, Clean and Beautiful Campus, No Vehicle Day, Save Power, Paper Bag Workshop, Awareness Programme on Renewable Energy and e- Waste Management. For the better implementation of green practices, IQAC distributed these activities among various departments. IQAC constantly takes the feedback about the proper result oriented implementation of these activities through academic audit every year. Because of these practices, eco-friendly and pollution free college campus and social awareness about renewable energy and e-waste management is developed in the community.

Use and enrichment of ICT infrastructure The use of ICT tools has become an integral part in teaching -learning process. IQAC always encouraged teachers to utilize these tools in classroom teaching and laboratories. IQAC prepares the plan to include the use and enrichment of ICT infrastructure expecting from each departments. The IQAC has advised the administration to enrich ICT infrastructure by purchasing advanced ICT tools, broadband internet Wi-Fi facility. Periodically IQAC has trained teachers and non- teaching staff to use ICT by arranging different workshop i.e. Google Apps, Video conference, use of e-mail, handling ICT instrument etc. The educational use of social media has also been utilized to

establish communication with the students and peers. In teaching and learning, the feedback system is implemented to take the review of reliability and uses of ICT facilities.

(For first cycle- Incremental improvements made for the preceding five years with regard to quality; For second and subsequent cycles- Incremental improvements made for the preceding five years with regard to quality and post accreditation quality initiatives)

The internal quality assurance cell (IQAC) established on date-01-10-2010 in the college. Since then its focus on improvement of quality is being done by various methods. For this the institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities. Here is some example of it: (1) Academic review in beginning of the session- There are 2 main meeting of academics is organized in a session. First-at the beginning of the session, second before annual examination and third, at last of the session. In this meeting the internal examination committee, HODs of the departments, and college faculty meets. At the beginning of the new session, a new time-table is prepared, the academic calendar of the university and college is discussed, and other committees for the college activities are constituted. Also, a discussion by HOD's on Result analysis is done in front of the Principal. Before annual examination, the instructions to invigilators, superintendent, workers and examination committee members are given by the examination center superintendent.

The decisions of IQAC are formally approved by the college governing council. Following are the approved decisions:

- \* To encourage staff to attend refresher and orientation training programme.
- \* To promote research attitude among teachers and students through organizing seminars, conferences and workshops.
- \* To conduct on and off campus placement drives.
- \* To conduct motivation programmes for entrepreneurship.
- \* To conduct skill development programmes.
- \* To encourage non-teaching staffs to attend administrative training programs.

All the above programs were implemented and successfully completed.

IQAC has external members on its roll. The members suggested introduction of new UG, PG courses, and Research programmes. They supported for rising

additional infrastructure. They encouraged and provided financial support for co-curricular and extension activities. The members recommended IQAC to invite MNC's and Corporate placement drives.

IQAC utilizes the feedback received from the students and alumni for effective functioning. Feedback helps to assess the performance of teaching to rectify the infrastructure deficiency and improve the quality of administration.

IQAC conduct periodical meeting with the heads of the departments along with the Principal and the decisions arrived are intimated to the staff of different constituents.

IQAC act as a bridge between administration and academic functionalities. IQAC in coordination with governing council of the college frame and schedules varies academic and administrative activities for every year.

**IQAC**

The National Assessment and Accreditation Council advocated the establishment of Internal Quality assurance Cell (IQAC) by all the accredited institutions as a post accreditation quality sustenance activity.

The primary aim of IQAC is to develop a system for conscious, consistent and catalytic action for continuous improvement in the academic and administrative performance of the institution. IQAC of our college ensures and enhances quality in education through various programs like FDP, Workshops, Seminars and Conferences.
